

Entgrauer

Reliably cleans and eliminates the graying effect by brightening the wood. Acts on hard and soft woods with the active ingredients from coconut fatty acid and nature-identical oxalic acid.

Product description

Application area	Hardwood and softwood garden furniture. Also applicable on grayed terrace woods etc.
Package sizes	1 l

Processing

Processing	Shake briefly before use and apply generously to the wood surfaces with a brush. Do not apply in direct sunlight, otherwise the de-greaser will dry too quickly. If possible, pre-wet the wood slightly at high temperatures. Allow to react for 10 - 15 minutes. Rub off with a hard brush or abrasive fleece with water and wash off. To neutralize and remove dirt, rinse thoroughly with water and then allow the wood to dry thoroughly. The wood is rough and exhausted after this treatment. Sand surfaces well before further treatment and treat accordingly.
Usage	Varies depending on the absorbency of the wood, but at least 100 ml/m ² is not applicable.
Drying time	1 - 2 days, depending on weather conditions.

TECHNICAL DATA SHEET

Entgrauer

Substrates and their pretreatment

Underground	All wood, roughly cleaned of dirt.
--------------------	------------------------------------

Product information

Ingredients	Water, oxalic acid, methyl cellulose, vegetable-based emulsifier
--------------------	--

VOC Safety Notice	No solvents.
--------------------------	--------------

Storage	Store well closed, dry, cool, but frost-free.
----------------	---

Shelf life	Shelf life unopened at least 4 years.
-------------------	---------------------------------------

Disposal	Do not dispose of paint or solvent residues in waste water or soil, or during processing! Completely dried residues of this product can be disposed of with household or residual waste; empty cans (tinplate) belong in the respective local recycling containers or yellow bags/bins (Green Dot).
-----------------	---

Safety instructions	Causes skin irritation. Causes severe eye irritation. If medical advice is needed, have container or label at hand. Keep out of the reach of children.
----------------------------	--
